DEPARTMENT OF POLITICAL SCIENCE
ADD-ON-COURSE ON "INDIVIDUAL RIGHTS & LAWS".
ACADEMIC SESSION-2023-2024

Syllabus

Total Hours: 30

About The Course

Build a firm foundation for an understanding of the Indian polity with this course on fundamental rights in the Indian constitution.

India chose to include in its constitution, a list of fundamental rights, including rights in relation to equality, liberty, and the protection of minorities, which cannot ordinarily be curtailed by governments. This course will provide a detailed understanding of what these rights mean, the purpose behind their presence in the constitution, and the role of the Judiciary, and media in enforcing them.

Objective

- Learn the origin and nature of fundamental rights and why some rights are protected constitutionally
- Learn about "equality before law" and "equal protection of law"
- Learn about the right to life and understand how constitutional courts have interpreted it
- Learn about the rights of minorities
- Learn about the rights against exploitation
- Understand constitutional remedies
- Learn about the enforcement of fundamental rights

Syllabus

Module I Understanding of Fundamental Rights (10 Hours)

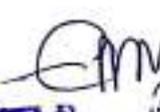

The concept of rights. The idea of fundamental rights-Origin, Meaning, Definition, nature and importance. Difference between human rights and fundamental rights. Democracy and fundamental rights

Module II Fundamental Rights in the Indian Constitution (10 Hours)

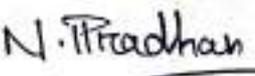

Right to Equality, Right to Freedom, Right against Exploitation, Right to Freedom of Religion, Cultural and Educational Rights, Right to Constitutional Remedies- Writs, Amendability of Fundamental Rights

Module III Enforcement of Fundamental Rights (10 Hours)

Indian Judiciary and fundamental rights, Judicial review, Judicial Activism, Public Interest Litigation (PIL), Enforcement of fundamental rights- Role of the Media and Public opinion

Seminar Report on Artificial Intelligence: A Boon or Bane

Introduction

The Department of Commerce of Pattamundai College, Pattamundai organized a seminar on the topic "Artificial Intelligence: A Boon or Bane" on ~~Saturday~~, 11th November 2023 at 11:00 AM in the college auditorium. The seminar aimed to provide an overview of the current trends and challenges of artificial intelligence (AI) and its impact on various sectors of society and economy. The seminar also intended to create awareness and stimulate discussion among the students and faculty members on the opportunities and risks of AI and its ethical and legal implications.

Proceedings of the Seminar:

The seminar was attended by about 150 participants, including students, faculty members. The seminar was conducted as per the following agenda:

Invitation of guests on to the dais:

The seminar began with the invitation of the guests on to the dais by the Principal, Prof. Dillip Kumar Bhuyan. The guests included CS/CMA Uttam Kumar Mohallik, the speaker of the seminar, Mr. Ranjan Kumar Behera, the Head of the Department of Commerce, Mr. Jitendra Malik, Lecturer in Commerce, Mr Manoj Kumar Das, Lecturer in Commerce and Miss. Subhalaxmi Pradhan, a Lecturer in Commerce.

Presentation of flower bouquets to the guests:

The guests were welcomed with flower bouquets by the students of the Department of Commerce as a token of appreciation and respect.

Lightening the sacred lamps:

The guests and the Principal lit the sacred lamps to inaugurate the seminar and seek the blessings of the Almighty.

Welcome address by the Principal, Prof. Dillip Kumar Bhuyan:

The Principal delivered the welcome address and expressed his gratitude to the guests for gracing the occasion. He also thanked the Department of Commerce for organizing the seminar and the participants for showing their interest and enthusiasm. He highlighted the importance and relevance of the topic of the seminar and hoped that it would be a fruitful and enlightening session for all.

Guest introduction by Mr. Ranjan Kumar Behera, Head, Department of Commerce:

Mr. Ranjan Kumar Behera introduced the speaker of the seminar, CS/CMA Uttam Kumar Mohallik, and gave a brief overview of his academic and professional background. He mentioned that Mr. Mohallik is a Practicing Company Secretary, Advocate and Corporate Counsel, who has expertise and experience in the fields of corporate law, taxation, arbitration, and insolvency. He also said that Mr. Mohallik is a keen observer and researcher of the emerging technologies and their implications on the society and economy, especially AI.

Address by the speaker CS/CMA Uttam Kumar Mohallik:

Mr. Mohallik delivered a comprehensive and insightful presentation on the topic "Artificial Intelligence: A Boon or Bane". He defined AI as the simulation of human intelligence processes by machines, especially computer systems. He explained the various types and applications of AI, such as machine learning, natural language processing, computer vision, speech recognition, robotics, etc. He also discussed the benefits and challenges of AI, such as enhancing productivity, efficiency, innovation, and quality of life, as well as posing threats

PATTAMUNDAI COLLEGE

NAAC Accredited "B" Grade

Pattamundai , Kendrapara, Odisha-754215

to privacy, security, employment, and human dignity. He also touched upon the ethical and legal issues of AI, such as accountability, transparency, fairness, and human rights. He concluded his presentation by suggesting some measures to ensure the responsible and sustainable development and use of AI, such as creating awareness, education, regulation, and collaboration among the stakeholders.

Questions and answers session:

The presentation was followed by an interactive and lively questions and answers session, where the participants raised various queries and doubts regarding the topic and the speaker clarified and elaborated on them.

Vote of thanks by Miss. Subhalaxmi Pradhan, Lecturer in Commerce:

Miss. Subhalaxmi Pradhan delivered the vote of thanks and expressed her gratitude to the speaker for his enlightening and informative presentation, to the Principal and the Head of the Department for their guidance and support, to the guests for their presence and participation, to the students and faculty members for their cooperation and enthusiasm, and to the organizers and volunteers for their hard work and dedication. She concluded by saying that the seminar was a successful and memorable event that achieved its objectives and expectations.

Conclusion:

The seminar on "Artificial Intelligence: A Boon or Bane" was a valuable and enriching experience for all the participants, as it provided them with a comprehensive and balanced perspective on the current and future trends and challenges of AI and its impact on various sectors of society and economy. The

Pattamundai , Kendrapara, Odisha-754215

seminar also stimulated discussion and debate among the participants on the opportunities and risks of AI and its ethical and legal implications. The seminar also inspired and motivated the participants to learn more about AI and to develop the skills and competencies that are required to cope with the changing demands of the AI era. The seminar also suggested some measures to ensure the responsible and sustainable development and use of AI, such as creating awareness, education, regulation, and collaboration among the stakeholders. The seminar was a commendable initiative by the Department of Commerce of Pattamundai College, Pattamundai and a significant contribution to the academic and social discourse on AI.

ACADEMIC YEAR - 2023-24

Department of Botany, Pattamundai College

Name of the Activity: Departmental Seminar Date: 02.12.2023	Duration- One Day Participants: Student 40 Nos Faculty – 3 Nos
Learning Objective: <ol style="list-style-type: none"> 1. To conscious students on climate change. 2. To gain knowledge how to reduce pollution 3. To provide information on different types of biodiversity. 4. To provide knowledge to students how plants are beneficial to us. 5. To provide scope to learn value of biodiversity for a healthy planet 	Learning Outcomes: <ol style="list-style-type: none"> 1. Students became aware of the factors responsible for climate change 2. Students knew the importance of a healthy atmosphere 3. They gained knowledge on types of biodiversity of different area 4. Students acquired knowledge on one plant one life 5. Students learnt how biodiversity is helpful for us

Report of the Event: A Departmental Seminar for the session 2023-24 was organized by Department of Botany, Pattamundai College, Pattamundai on dated 02.11.2023 on the topic "IMPACT OF CLIMATE CHANGE ON BIODIVERSIT". Dr. Taranisen Panda, Reader in Botany, Chandbali College, Chandbali joined the seminar as a resource person. The aim of the seminar is to provide basic knowledge on importance of boodiversity for a green and healthy planet. The meeting was presided over by Prof. Dillip Kumar Bhuyan, Principal, Pattamundai College, Pattamundai. The meeting was commenced at 11.00 A.M with the lighting of candle by our respected guest. Departmental Head Dr. Anjali Kumari Dash gave a key note address of the topic and welcomed the guests to the dais. They gained knowledge on factors responsible for climate change and methods of prevention. They also gained knowledge on the value of biodiversity for a better future. The meeting was ended with a vote of thanks by Mrs. Suchismita Biswal, a faculty of Botany at 2.30 P.M.

IMPACT OF CLIMATE CHANGE ON BIODIVERSITY

It is now well established that the world is heating up. The average temperature of the Earth's surface increased by an estimated 0.6°C in the 20th century, and according to the most recent projections of the Intergovernmental Panel on Climate Change, could rise 1.4 to 5.8°C above the 1990 average by 2100. Much of this predicted increase is attributed by scientists to increasing concentrations of greenhouse gases such as carbon dioxide (CO₂) in the atmosphere.

The effects of such a temperature increase might include:

- more frequent extreme high maximum temperatures and less frequent extreme low minimum temperatures
- a decrease in snow cover: satellite observations suggest that the area of the planet covered by snow has already declined by 10 per cent since the 1960s
- rising sea levels
- an increase in the variability of climate

According to India's National Action Plan on Climate Change (IPCC), multi-model averages show that the temperature increases during 2090- 2099 relative to 1980-1999 may range from 1.1 to 6.4°C and sea level rise from 0.18 to 0.59 meters. These could lead to impacts on freshwater availability, oceanic acidification, food production, flooding of coastal areas and increased burden of vector. In recent assessment, it is presumed that 20-30% of species assessed so far are likely to be at increased risk of extinction if increases in global average warming exceed 1.5-2.5°C (relative to 1980-1999) and as global average temperature increase exceeds about 3.5°C, model projections suggest significant extinctions (40-70% of species

assessed) around the globe. Global warming does not only make vegetation "gasp for air" but also leads to animal habitat loss. This is an especially big problem for sensitive species. The loss of these habitats leads to air borne and water borne diseases associated with extreme weather events.

Biodiversity reflects the number, variety and variability of living organisms. It includes diversity within species, between species, and among ecosystem. The concept also covers how this diversity changes from one location to another and over time. Indicators such as the number of species in a given area can help in monitoring certain aspects of biodiversity.

Climate change could have dramatic effects on a wide range of India's plants and animals. Conservation of wildlife and biodiversity in natural heritage sites including sacred groves, protected areas and other biodiversity 'hotspots' is crucial for maintaining the resilience of ecosystems.

For conservation of biodiversity the following actions should be taken:

- In-situ and ex-situ conservation of genetic resources, especially of threatened flora and fauna.
- Creation of biodiversity registers (at national, district, and local levels) for documenting genetic diversity and the associated traditional knowledge.
- Effective implementation of the Protected Area System under the Wildlife Conservation Act.
- Effective implementation of the National Biodiversity Conservation Act, 2001

Sub-Request letter for departmental seminar.

Madam,

I am pleased to request you to depute Dr.Taranisen Panda, Reader in Botany of your college to deliver a seminar talk as a resource person on the topic "*Impact of Climate Change on Biodiversity*" to be organized by Department of Botany, Pattamundai College, Pattamundai at 11.00 am on 2nd December 2023.

Your kind consent in this regard is highly solicited.

Your's faithfully

Principal

Dist: Kendrapara
Subject: Consent to Attend Seminar as Resource Person

Respected Sir,

I'm delighted to confirm my participation as a resource person at the seminar "Impact of Global Warming on Biodiversity Loss" organized by the Department of Botany at Pottamundai College on 09.12.2023. I'm honored to share insights on this vital topic, ensuring my presentation meets the college's academic standards. Eager to engage with students, faculty, and participants, I value the opportunity for knowledge exchange and meaningful discussions. Thank you for considering me as a resource person—committed to enhancing the seminar's academic discourse.

Yours Sincerely

Taranisen Panda

Report on Extramural seminar
ACADEMIC YEAR 2023-24
DEPARTMENT OF EDUCATION, PATTAMUNDAI COLLEGE, PATTAMUNDAI

Name of the Activity: Extramural seminar on the topic
"Integration of ICT for Quality Education".
Date: 22.11.2023
Speaker Name: Dr. Prabhakar Mallick, Senior Lecturer
in Education, Kendrapara Auto. College, Kendrapara

Duration- 1 Day
Participants: Students- 50
Faculty- 19

Learning Objective:

1. To know the current emergency of ICT in education.
2. To explore how the integration of ICT can diversify teaching methods.
3. To explore how ICT can make education more engaging and effective.
4. To know about the ICT tools that fostering a student-centric approach.
5. To know about what are the Web 2.0 tools are available for Assessment and Feedback mechanism in education.
6. To investigate ways to use ICT to provide students and teachers with better access to a wide range of educational resources

Learning Outcomes:

1. They got knowledge about the meaning, nature and importance of ICT in education.
2. They came to know about the open educational resources that could be access freely for their studies.
3. They came to know about the educational use and importance of Web 2.0 Tools like E-mail, Wikis, Social networking (WhatsApp, Twitter, Facebook and Blogging).
4. They came to know about the quick Assessment and Feedback mechanism tools through ICT

Report of the Event:

An extramural seminar was organized by Department of Education, Pattamundai College, Pattamundai on dated 22.11.2023 on the topic "Integration of ICT for Quality Education". The resource persons of the seminar were Dr. Prabhakar Mallick, Senior Lecturer in Education, Kendrapara Auto. College, Kendrapara. Dr.Dillip Kumar Bhuyan , Principal of the college chaired the session. Mrs. Nibedita Nayak, H.O.D. of Education introduced and Welcomed the guest on the dais and participants. She also gave the key note talk on the topic. Dr. Sunil Kumar Pradhan, IQAC Co-Ordinator was also talk about the said topic. Then Dr. Prabhakar Mallick delivered his paper with a detailed explanation on the topic like What is ICT, how could ICT can be integrated with education, what is the emergency of ICT in education, how ICT could enhance the quality of education etc. It was followed by an interaction session with resource persons, faculties of department and the students. The meeting was ended with a vote of thanks to the resource persons by Namita Behera, faculty of Education.

Integration of ICT for Quality Education

Introduction:

In recent years, the integration of Information and Communication Technology (ICT) in education has become essential for enhancing teaching and learning processes. The rise of digital tools and platforms has opened new pathways for educators and students alike, making education more accessible, personalized, and effective. This seminar aims to explore how ICT can be effectively integrated into educational settings to improve quality and support learners' diverse needs.

Importance of ICT in Education:

ICT has transformed education by offering innovative methods for delivering content, assessing learning, and fostering student engagement. With tools such as online resources, virtual classrooms, and interactive applications, students can now access vast amounts of information and collaborate with peers globally. ICT in education promotes flexibility, enabling learning to happen anytime, anywhere, and at the student's own pace.

Key Areas of ICT Integration for Quality Education:

1. Digital Learning Resources

ICT enables access to digital resources, such as e-books, online articles, videos, and simulations, which support a richer learning experience. Resources like virtual labs allow students to perform experiments and

simulations that may not be feasible in traditional classrooms.

2. Enhanced Communication and Collaboration

Platforms like Google Classroom, Microsoft Teams, and Zoom facilitate communication between students and teachers beyond the physical classroom. Collaborative tools, such as shared documents and discussion forums, promote group learning and project-based activities, fostering skills essential for the modern workplace.

3. Personalized Learning

Through ICT, educational programs can be tailored to meet individual student needs. Adaptive learning technologies, such as intelligent tutoring systems, adjust to students' learning styles and progress levels, providing customized support to optimize learning outcomes.

4. Teacher Training and Professional Development

ICT also plays a role in continuous teacher development, offering online courses, workshops, and resources to stay current with educational trends and technologies. By equipping teachers with ICT skills, they can more effectively integrate these tools into their teaching.

5. Assessment and Feedback

ICT provides new methods for assessing student performance, including online quizzes, e-portfolios, and automated feedback tools. These tools enable teachers to track student progress in real-time and provide immediate feedback, which is crucial for supporting continuous

improvement.

Challenges in ICT Integration:

Despite its benefits, the integration of ICT in education faces several challenges. These include limited access to technology, especially in low-resource settings, lack of teacher training, and the digital divide among students. To overcome these, it is essential to focus on equitable access, invest in teacher education, and foster an inclusive approach to digital literacy.

Conclusion:

The integration of ICT into education holds the potential to enhance the quality and accessibility of education, fostering a more engaged, adaptable, and knowledgeable generation of learners. As educators, policymakers, and technology developers collaborate, the future of education can be reimaged to meet the demands of a digital age. This seminar underscores the need for a thoughtful approach to ICT integration, ensuring that technology serves as a tool to enrich learning experiences and foster a more inclusive educational landscape.
